PROFILE

As a front-end developer with more than two years of experience, I specialize in crafting dynamic user interfaces using React.js, along with Tailwind CSS, Styled Components, and Sass. Passionate about delivering seamless experiences, I combine creativity with technical expertise to produce innovative solutions. Collaborative and adaptable, I thrive in team environments and am committed to continual learning to stay at the forefront of web development trends.

PROFESSIONAL EXPERIENCE

Takhfifan-Netbarg

March 2022 –
present
Tehran, Iran

Front-End Developer

Some of my experience:

Setting up an electronic wallet and connecting it to a business partner, Tali.

Traced and debugged issues with Sentry, resulting in crash-free sessions up to 99%.

Redesigning the home page for the Nowruz campaign.

Building a new website from scratch to serve organizations and provide services to their employees.

January 2022 –
March 2022
Tehran, Iran

Front-End internship

From April until March, I have been working as an intern in the technical team one day a week, and I tried to use the experiences of the technical team manager during this time.

2020 – March 2022
Iran, Tehran

Content supervisor
